

AYUSH GUPTA

Full Stack Developer (MERN) | Next.js | AI-Integrated Web Applications

Greater Noida, India | +91-9045073154 | ayushgupta9510@gmail.com

GitHub: github.com/theayushgupta21 | LinkedIn: linkedin.com/in/theayushgupta21 | LeetCode: ayush_Gupta21

PROFESSIONAL SUMMARY

Full-stack developer with hands-on experience building and shipping 3+ production-style web applications using the MERN stack, Next.js, and Tailwind CSS, backed by RESTful APIs, JWT authentication, and MongoDB Atlas. Experienced integrating AI features (OpenAI API, recommendation engines) and payment systems (Stripe, Razorpay) into full-stack products. Comfortable explaining and defending every architectural decision end-to-end. Solved 120+ Data Structures & Algorithms problems on LeetCode and actively strengthening core CS fundamentals. Seeking a Full Stack Developer / Software Engineer role to apply and grow these skills.

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Framer Motion, Responsive Web Design

Backend: Node.js, Express.js, RESTful API Design, JWT Authentication, OAuth

Databases: MongoDB Atlas, PostgreSQL, MySQL

Tools & Cloud: Git, GitHub, Docker, Postman, Vercel, Render, AWS Basics, Azure Basics

AI & Integrations: OpenAI API, Prompt Engineering, Razorpay, Stripe, EmailJS

Other: Data Structures & Algorithms, Debugging & Troubleshooting, Technical Communication

EXPERIENCE

SEO Intern - Robral Technologies

Nov 2025 - Feb 2026

- Conducted SEO audits and keyword research across 250+ keywords, improving search visibility and content targeting.
- Optimized a Next.js application across 15+ pages using metadata, schema markup, XML sitemaps, and robots.txt, improving indexing and discoverability.
- Tracked SEO performance using Google Analytics and Search Console, converting weekly insights into growth strategies that improved organic traffic and keyword rankings.
- Implemented technical SEO improvements, including Core Web Vitals optimization and backlink strategies, across 5+ key landing pages.

PROJECTS

Adoptify - AI-Powered Pet Adoption Platform

MERN Stack, OpenAI API, Stripe, Razorpay, Google OAuth

- Built a full-stack MERN platform connecting NGOs, adopters, and pet product sellers across three role-based portals (Admin, Shelter, User).
- Implemented JWT-based authentication and Google OAuth login with role-based access control across all three user types.
- Designed and built 10+ RESTful APIs powering user management, adoption workflows, and seller operations.
- Configured MongoDB Atlas for cloud-based data storage supporting 6+ core application modules.
- Built an AI-powered pet recommendation engine using the OpenAI API, matching users to pets across 5+ preference filters; integrated Stripe and Razorpay for donations and checkout.

Greengift - React Native Marketplace App

React Native (Expo), TypeScript, Zustand

- Built a React Native (Expo) mobile app for an eco-friendly marketplace covering plant shopping, eco-gifting, and sustainable gardening.
- Developed a mobile-first UI with 20+ reusable components using Expo Router and TypeScript, managing global state with Zustand.
- Designed end-to-end shopping flows, including browsing, filtering, cart, wishlist, WhatsApp ordering, and mock checkout.

NeoRide - Car & Bike Rental Application

React, Vite, Tailwind CSS, EmailJS

- Built a vehicle rental platform for browsing 20+ car and bike listings using React and Vite for fast page loads.
- Integrated EmailJS for real-time booking and contact inquiries, delivering an accessible UI/UX across desktop and mobile.

ACHIEVEMENTS

- Solved 120+ Data Structures & Algorithms problems on LeetCode.
- Built 10+ frontend and full-stack projects using React.js and Next.js.
- Generated 40,000+ reach through technical and creative content creation on Instagram.
- Grew a professional network of 1,500+ connections on LinkedIn.

EDUCATION

Bachelor of Computer Applications (BCA) - Galgotias University, Greater Noida

Sep 2023 - Sep 2026

Senior Secondary (Class XII, CBSE) - Rapid Global School, Bidhuna (UP)

2021 - 2022

CERTIFICATIONS

- Machine Learning with Python - IBM SkillsBuild
- Generative AI - FutureSkills Prime, Ministry of Electronics & IT
- CCNA: Introduction to Networks - CISCO Networking Academy
